

# Volunteers Needed for Research Study on COVID-19

Are you working on the front line or directly engaged in COVID-19 related activities? We need your help to support resilience in the EU region.

## You may qualify if you are a

- Health worker
- Emergency worker
- Researcher
- Policymaker
- Analyst

## Potential Benefits

This study will provide important information that can be used to strengthen cross-border relationships during large-scale public health threats. Your input will support regional cross-border and European response to crises.

## FOR MORE INFORMATION

Please contact Salonee Nemade at [s.nemade@student.maastrichtuniversity.nl](mailto:s.nemade@student.maastrichtuniversity.nl) or Corinna Thellmann at [c.thellmann@student.maastrichtuniversity.nl](mailto:c.thellmann@student.maastrichtuniversity.nl) or visit [ikic-publicsafety.eu](http://ikic-publicsafety.eu)

## Study aims

- Explore your experiences in your line of work
- Study changes taking place due to COVID-19
- Understand new networks you have formed
- Explore challenges to your work and industry

## Participation involves

- 30 minute online interview or phone call
- Participants will remain anonymous
